	QUALITY POLICY	

Date: 29/05/2019

QUALITY POLICY

INPLACSA aims to manufacture safe and quality products, basing its policy on the commitment to continuous improvement, innovation, dynamism, professionalism and customer service.

Inplacsa's activity is the manufacture and commercialisation of films for flexible packaging.

The main products are monolayer films, laminated films, barrier films and different structures that we develop together with suppliers and under the approval of our customers, in order to meet their interests and needs. Our goal is to maintain an efficient business relationship with customers, based on communication and trust, always ensuring the safety and quality of the products manufactured throughout the production line until its arrival to the final customer.

Inplacsa's Direction considers essential and is committed to continue working for continuous improvement, based on the Integrated Quality Management System. Areas affecting the quality of the organisation shall be kept under control from the Direction to the representatives of each section. To ensure compliance with UNE-EN-ISO 9001 as well as BRC Packaging, the Direction has appointed the Quality Manager as the Management Representative, who has the authority and responsibility to ensure compliance with the standards.

Inplacsa intends to maintain an efficient business relationship with clients, based on communication and trust, committing itself to comply with legal and regulatory requirements, as well as requirements expressed by the customer, ensuring the manufacture of safe products and appropriate to his needs.

To make sure that the Quality and Safety Policy is understood, implemented and kept up to date by all levels of the organization, copies have been distributed to the different departments, placed on information boards accessible to all staff.
